## Dedication — Chet and Ruth Wells

Most folks will recognize the photo in this year's dedication of the Bristol Town Report. Both Chet and Ruth Wells have been long time residents. Born in Bristol, Chet has been a resident a bit longer than Ruth, but to those who know them, when you think of one of the Wells, thoughts of the other are not far behind.

In days past Chet was a student, athlete (yes, he could wallop that ball!), coach, referee and umpire. At his side stood, as she does today, Ruth, whose own career has included teaching, tutoring, being drama coach and confidant to many students and friends of many ages.

For most of their 47 years together, Chet and Ruth Wells have called 33 North Main Street home. And for many of those years, it has seen an endless line of youngsters, neighbors and friends. Standing on the front lawn of their home is a green and silver sign that simply says "WELLS." But it stands for a great deal more.

It stands for caring about their family, from the son who wandered into their lives, to the great-grandson who loves being held by them today. It stands for caring about their friends and neighbors, which includes hundreds of people throughout the country.

Chet and Ruth Wells have traveled many highways, in this state and others, for business and pleasure. Going into Canada on vacation, Chet knew the border guards. These were the same ones who, as youngsters, had bought baseball spikes or gloves from Chet. For those who could not afford a glove, well, it was important to play all the same, and the glove was given as a gift.

May have received the gifts of the Wells' caring, kindness and love. Many have shared their home and support at a time of need. The community, in the town government and the schools, are also recipients of the Wells' keen interest in people. Their efforts have been recognized with awards for citizenship and the naming of a baseball field. Chet's remarks at the dedication of Wells Field were, "You play hard, you play fair, you play to win, and to have fun."

With the rewards and recognition, the Wells sometimes wonder what they have done to be regarded as special. For them, doing special things was ordinary. Ruth baking a pie for a neighbor, or stopping by to chat with a friend after church is an example of the message they send. Caring, kindness and love is the way the Wells live each and every day.

(Dedication provided by Joe Denning)

**TOWN WARRANT  
State of New Hampshire**

**Bristol, N.H.**

**Grafton, SS.**

**The polls will be open from 10:00 a.m. to 7:00 p.m.**

**To the inhabitants of the Town of Bristol in the County of Grafton, in said State, qualified to vote in town affairs:**

**You are hereby notified to meet at the Old Town Hall on Summer Street in said Bristol on Tuesday, the 14th day of March, next at 10:00 of the clock in the forenoon, to act upon the following subjects:**

**1. To choose all necessary Town Officers for the year ensuing.**

**2. To vote upon amendments to the Bristol Zoning Ordinance as proposed by the Planning Board.**

**POLLS CLOSE AT 7:00 P.M.**

**and further action on the following articles at 7:30 p.m. on Thursday, March 16, 1989:**

**3. To see if the Town will vote to authorize the modification and rehabilitation of the wastewater treatment plant and to raise and appropriate the sum of two million thirty thousand dollars (\$2,030,000.00) for the work, which is to be done under the supervision of the Sewer Commission. Funds to be raised by borrowing on the credit of the Town through the issuance of notes or bonds, under the provisions of the Municipal Finance Act (RSA 33 (Supp.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said notes or bonds and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All notes or bonds issued hereunder shall be general obligations of the Town. In no event shall the amount to be raised through the issuance of said notes or bonds be greater than the amount appropriated hereunder less the amount of any grants or gifts received by the Town for said work. Recommended by the Budget Committee.**

**4. To see if the Town will vote to authorize the purchase of a municipal computer system, and to raise and appropriate the sum of fifty thousand**

dollars (\$50,000.00) for the purchase, which is to be done under the supervision of the Board of Selectmen. Funds to be raised by borrowing on the credit of the Town through the issuance of notes or bonds, under the provisions of the Municipal Finance Act (RSA 33 (Supp.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said notes or bonds and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All notes or bonds issued hereunder shall be general obligations of the Town. In no event shall the amount to be raised through the issuance of said notes or bonds be greater than the amount appropriated hereunder less the amount of any grants or gifts received by the Town for said purchase. Budget Committee recommends \$36,000.00.

5. To see if the Town will vote to authorize the purchase of an all-wheel drive dump truck, and to raise and appropriate the sum of forty-seven thousand six hundred dollars (\$47,600.00) for the purchase, which is to be done under the supervision of the Board of Selectmen. Funds to be raised by borrowing on the credit of the Town through the issuance of notes or bonds, under the provisions of the Municipal Finance Act (RSA 33 (Supp.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said notes or bonds and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All notes or bonds issued hereunder shall be general obligations of the Town. In no event shall the amount to be raised through the issuance of said notes or bonds be greater than the amount appropriated hereunder less the amount of any grants or gifts received by the Town for said purchase. Recommended by the Budget Committee.

6. To see if the Town will vote to authorize the Selectmen to enter into a five (5) year lease purchase agreement for the acquisition of a fire truck at a principal cost of not more than one hundred sixty-eight thousand dollars (\$168,000.00). Payments shall be made in equal monthly installments of principal and interest in an amount sufficient to amortize the total price in five (5) years. Each purchase agreement shall contain a provision to allow the Town to cancel on any anniversary date when the Town fails to appropriate the necessary funds for the ensuing year, or equivalent language.

Further, to raise and appropriate the sum of thirty-three thousand six hundred dollars (\$33,600.00) for this purpose. Recommended by the Budget Committee.

7. To see if the Town will vote to create an Emergency Medical Service Department for the provision of ambulance, rescue and emergency medical services, and to accept ownership interest in any and all property or equipment of Newfound Ambulance Rescue Squad, Inc. Further, to vest the direction and control of said Department in the Board of Selectmen and to authorize the Selectmen to take any action required in the establishment of said Department. Further to see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000.00) for the purpose of purchasing and installing equipment for the benefit of EMS and Fire dispatch services. Recommended by the Budget Committee.

8. To see if the Town will vote to authorize the Selectmen to hire a Planner and to determine his salary, and to raise and appropriate the sum of fifteen thousand dollars (\$15,000.00) for same. Recommended by the Budget Committee.

9. To see if the Town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) as a contribution to Lakes Region Community Services. Not recommended by the Budget Committee.

10. To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of \$4,082,849.00 to be raised by taxation, inclusive of preceding warrant articles.

11. To see if the Town will vote to reaffirm its decision at town meeting in March 1988, to authorize sewer plant improvements and raising \$940,000 for the project through issuance of notes or bonds.

12. To see if the Town will vote to authorize the Planning Board to review and approve or disapprove site plans for the development or change or expansion of use of tracts for non-residential uses or for multi-family dwelling units, which are defined as any structure containing more than two dwelling units, pursuant to RSA 674:43. Further, it shall be the duty of the Town Clerk to file with the Grafton County Registry of Deeds a Certificate of Notice showing that the Planning Board has been so authorized and giving the date of such authorization.

13. To see if the Town will vote to deposit fifty percent of the revenues collected pursuant to RSA 79-A (the land use change tax) in the conservation fund in accordance with RSA 36-A:5 as authorized by RSA 79-A: 25, II. Submitted by petition.

14. To see if the Town will vote to establish public mooring fields adjacent to town owned storefront property pursuant to RSA 270:59-72, and to place such mooring fields under the direction of the Board of Selectmen.

15. To see if the Town will vote to instruct the Town's representatives to the General Court to respond to our solid waste crisis by taking all necessary measures to insure that New Hampshire adopt legislation that will permit consumers to return for refund of deposit within New Hampshire all soda, beer, wine cooler and liquor containers and that all unclaimed deposit monies shall be collected by the state and no less than 80% shall be returned annually to local municipalities for the sole purpose of implementing, expanding and reimbursing community recycling projects. Submitted by petition.

16. To see if the Town will vote to accept a parcel of land at the intersection of Lake Street and Willow Street, owned by Walter Corbeil, and to authorize the Selectmen to take any action relative thereto.

17. To see if the Town will vote to make improvements to Bear Mountain Road, so called. Submitted by petition.

18. To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for the purposes for which the Town may legally appropriate money: provided (1) that such grants and other monies do not require the expenditure of any other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies and, (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-B (SUPP.).

19. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

20. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and eighty-nine.

William R. Phinney  
J.P. Morrison, Jr.  
Edward M. Gordon  
Selectmen of Bristol

## SELECTMEN'S REPORT

In our message to you last year, we expressed our expectations that 1988 would be a year full of challenges, opportunities and accomplishments. Without a doubt, it was full of challenges. As full as it was of challenges, the year presented many opportunities and, we feel, ended with many accomplishments.

The long-awaited revaluation of the Town is now complete. The major benefit of the revaluation is the restoration of equity to the assessment of property taxes. Restoring equity is very important when considering that property taxes are the primary means of paying for vital local public services. By periodically restoring equity to their assessment, we are assured that no one is required to pay more than his or her fair share of taxes in support of the community.

An important link with our neighboring town of New Hampton was reopened to traffic this past summer. This followed a complete redecking of the Central Street Bridge, managed jointly by the Selectmen of Bristol and New Hampton. The project was completed within the budget allowed by the Town, despite some delays in completing the work. We are confident that the redecking was done well, and represents an excellent value for the Town.

The Selectmen worked throughout the year on developing a final plan for the addition to the town office building. With the expert assistance of Frank Marinace a design was finalized, and is similar to the conceptual plan presented at town meeting. The project is slated for construction starting in April, and we expect to have the building project largely complete by the end of the year.

One issue which has led to a great deal of discussion and debate over the past year is that of improvements to the wastewater treatment plant. At town meeting, the voters authorized an appropriation of \$940,000 for improvements to the treatment plant based on a certain set of facts. Among these facts were that the plant was operating in excess of the limits allowed by its permit, that the Town could be liable for penalties if the plant continued to operate in violation without action by the Town, that the State would provide \$188,000 in matching funds to help pay for the project, and that the proposed improvements would only provide the Town with five to seven years in which to develop and implement a long-term strategy for meeting the Town's wastewater treatment needs.

Shortly after town meeting, through the efforts of the Sewer Commission, a significant amount of "clean" water was eliminated from the system. This dramatically reduced the burden on the treatment plant, and removed the Town's essentially automatic eligibility for the State matching funds. At the same time, consultants working with the Selectmen and Sewer Commissioners were studying the alternatives open to the Town in meeting its wastewater treatment needs.

Because of the rapidly changing conditions surrounding the treatment plant improvements project as originally authorized by the Town, the Selectmen decided not to pursue the project immediately in favor of giving the voters an opportunity to discuss and act on the matter in an appropriate public forum. There is an article on the warrant which addresses this issue and, while the Selectmen are in favor of pursuing a project to meet the Town's needs, the article embodies the proposal advocated by the Sewer Commission.

We feel especially proud of one accomplishment in 1988. Early in the year we became aware of a program through which the Town could purchase its old FmHA debts at a discount and refinance them for a shorter term. By participating in this program and refinancing with the New Hampshire Municipal Bond Bank, the Town will realize savings in principal and interest amounting to nearly seven hundred thousand dollars (\$700,000). This is a dramatic indication of the benefits of managing the Town with an eye toward the future.

Solid waste disposal continues to be an important issue for the Town. We are excited at the prospect of participating in the Concord Regional Solid Waste/Resource Recovery Cooperative waste-to-energy plant in Penacook. When the plant goes on-line for commercial operation later this year, Bristol will have a long-range solution for a large portion of its solid waste disposal needs. In addition to participating in the Coop, we are planning a home hazardous waste cleanup day and will continue to work on developing a full-spectrum strategy for effectively meeting all of the Town's solid waste management needs.

There is an article on the warrant this year which would authorize the Planning Board to adopt siteplan review regulations. These regulations would provide a good tool to help the Town more effectively address the impact of high-intensity commercial, industrial and multifamily residential uses.

Meeting the needs of our community is, as always, our first priority. By maintaining a balance between quality services to the community and New England frugality, we can be sure that the Town's resources will be put to their best use.

We appreciate your support over the past year. We will work hard to earn your continued confidence, and we look forward to another year of challenges and accomplishments. In service, we are

Yours truly,

William R. Phinney, Chairman

J. P. Morrison, Jr.

Edward M. Gordon

Board of Selectmen

**AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of  
the Board of Selectmen  
Town of Bristol  
Bristol, New Hampshire

We have examined the general purpose financial statements of the Town of Bristol as of and for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Bristol at December 31, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund and individual account group financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Bristol. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

March 3, 1988  
Carri Plodzik Sanderson  
Professional Association

Total	\$168,334.72

## BRISTOL SEWER COMMISSION

The Commission is discouraged that the Sewage Plant update project was not started in 1988. The warrant article to complete the project was approved by the townspeople. Though the moratorium was lifted, there were enough customers requesting access to the town sewer system to again place the system over capacity.

Mr. Paul Rockwell retired this year after 12 years of service as a Commissioner. Mrs. Cherylyn Lewis, also, left our employ after 4 years of service. We wish them both the best.

The Commission welcomes four newcomers. Mr. Walter Corbeil as a Commissioner and three employees as stated in the Bristol Water Works report.

Sewer rate charges have been calculated, debated, rehashed and criticized, but, at last, we feel the rates are fair and equitable for all customers. The Commission utilized professional assistance in this determination.

Sludge dehydration through the use of growing reeds was started last fall. It already appears to be successful. An aeration system was added to the sludge storage tank to assist in the process.

An immense pile of accumulated sludge has been composted successfully and will be hauled away this spring.

John Bianchi  
Commissioner

## SUMMARY OF PAYMENTS

### **1. General Government**

a. Town Officer's Salaries	39,473.55
b. Town Officer's Expenses	75,562.50
c. Election & Registration	2,676.44
d. Cemeteries	800.00
e. Town Hall & Other Town Buildings	18,519.26
f. Reappraisal of Property	31,940.03
g. Planning Board	1,593.79
h. Zoning Board	1,057.94
i. Legal Expenses	6,594.25
j. Advertising & Regional Association	1,000.00
k. Contingency Fund	995.00
l. Tax Map Update	1,200.00
m. Lakes Region Planning	2,516.00

**MINOT-SLEEPER LIBRARY TRUSTEES REPORT**

The Trustees of the Minot-Sleeper Library report the following activities during the year 1988:

The July 4th book sale was the most successful yet. By lowering prices we not only sold more culled books, but made more money.

A new set of adult encyclopedias and an Atlas were acquired.

The grandfather clock has had a complete inspection and cleaning of its works.

A new alarm system has been installed to replace the old one that was struck by lightning.

We gave a party to honor the retirement of Ruth Wells from the library staff. Her many years of service and dedication are most appreciated and she is certainly missed.

The library building was added to the National Historic Register.

Wooden beams on the gabled ends of the building that had deteriorated, were replaced and painted.

The transferral of all editions of the Bristol Enterprise to microfilm has been nearly completed.

*Items slated for attention in 1989 are:*

The addition of video tapes for loan to the public.

Upgrading of seating facilities throughout the library.

Creating an area downstairs for microfilm viewing.

Landscape improvements.

A floodlight system for the rear of the library.

Cost effective measures to cool the building during the summer (a quotation has been received for central air conditioning but we feel that at this time it is cost prohibitive).

Painting the lobby.

*Long range plans include:*

A central air conditioning unit.

Improving the appearance of property, inside and out, while preserving its historical character.

Acquiring the abutting piece of property where a service station now stands, for future building expansion.

William G. Baker  
Chairman, Board of Trustees  
Minot-Sleeper Library

## **NEWFOUND AMBULANCE RESCUE 1988 REPORT**

Newfound Ambulance Rescue experienced another busy year in 1988 with increased call activity in providing service to Bristol and the surrounding Newfound Area, including the Towns of Alexandria, Bridgewater, Danbury, Hebron, and New Hampton.

There were a total of 456 calls during 1988, an increase of 24 over the previous year. This continues the trend in recent years of steadily increasing call activity. For example in 1984, there were 316 calls. For the Town of Bristol there were 186 calls, up from 183 the year before. A breakdown of the number of calls per town is shown below.

Efforts are ongoing to ensure continuing compliance with basic State requirements and to improve on the level of care we can offer the residents and visitors in our service area. Most important in this regard are the E.M.T. attendants that staff the ambulances, a small dedicated group that strive to enhance their individual training and upgrade to advanced levels of certification. They deserve your support.

Newfound Ambulance Rescue is always on the lookout for new attendants. As activity grows we need additional help. If you might be interested in becoming an ambulance attendant, or know someone who could be, please contact Roger Pedersen at the Bristol Town Offices for more information.

In the year ahead we look forward to replacing the 1981 ambulance with a new unit. Also significant is an anticipated change in dispatch service, to the Lakes Region Fire Dispatch Center, approximately July 1. This will result in a single number to call for emergency ambulance and rescue needs, the same number you now call for your Fire Department. This change will be possible as a result of the integration of Newfound Ambulance Rescue as a department of the Town of Bristol.

## IN MEMORIAM Harry McLaughlin 1913-1988

Henry W. McLaughlin made a difference. Those who knew Harry were struck by his love of people and his concern for their welfare. Few in the community were better loved, or will be missed more.

A summer resident since the early 1960s, Harry moved to Bristol as a full-time resident in 1974. Youngsters came to know him as a warm, outgoing and exuberant bus driver who cheered for the Newfound

teams at the events he drove them to. When there wasn't enough money in the transportation budget, Harry would take them at his own expense — a sign of his devotion to young people.

Townspeople knew Harry as a strong supporter of health care through his involvement with the Lion's Club health screening van, and his service as president of the Newfound Area Nursing Association. Harry's fundraising skills were put to good use for NANA as well as the Newfound Area Ambulance Association, where his efforts helped lead to the purchase of that organization's newest ambulance.

Actively involved in St. Timothy's Church, Harry extended his assistance to Camp Fatima for exceptional children and, for nine years, was in charge of the camp's fundraising dance.

Harry's involvement extended to local government functions as well, where he served as a member of the Budget Committee, bail commissioner and as a Beach Commissioner.

Harry's death on November 24, 1988 took him not only from family and friends, but from a whole community where he will be warmly remembered for the difference he made.

## BRISTOL CONSERVATION COMMISSION

This year the Conservation Commission responded to fifteen (15) applications to the N.H. Wetlands Board for permission to dredge or fill wetlands, and/or to construct walls, docks or piers on the waterfront of Newfound Lake within Bristol. The Commission members attended hearings in Concord on proposals to construct docking on both the Fowler and Cocker-mouth Rivers. The Commission is opposed to any such activity in these tributaries because preservation of their natural state will ensure the current quality of the water and the environment of the lake.

Since 1970, N.H. state statute requires taht permits from the N.H. Wetlands Board are required for the placement of docks in the surface waters of any lake, river or pond. Docks, piers, weirs or walls placed without a permit are subject to a fine and immediate removal. This statute applies to seasonal and permanent structures. Bristol residents considering work or alteration in any of the above areas should contact the Conservation Commission for assistance in evaluating their particular project.

The Commission is an active participant in the Pemigwasset River Council. We want to maintain a strong Pemigwasset River Overlay District in our town ordinances in an effort to minimize growth and development and maintain the natural and environmental qualities of the area.

Site work at the new high school resulted in a cooperative dialogue being established between the Newfound Area School Board and the Conservation Commission. Concern about the slopes and embankments near and around Ten Mile and Eastman Brooks led to the employment of a soils specialist to work with the project. Positive steps are being taken to address the environmental issues raised by the Conservation Commission.

Water at the Breck-Plankey spring is tested at the state laboratory, as required by the state of New Hampshire. Additional testing is done if it is suspected that the water quality is not suitable. Continued monitoring by the Commission, with input from the users of the spring, can preserve this valuable community asset.

In July, the Bristol Conservation Commission hosted a regional meeting at which Dr. Ken Kettenring, Bureau Administrator of the N.H. Wetlands Board, spoke on the state law and Board procedures which affect us.

As we pursue our task of recognizing and preserving the natural environmental treasures of our town, it is evident that we must take steps to set aside sufficient funds to allow us to purchase easements, development rights and match the state and federal funds available for procurement of wild lands. Striking a balance between the development of these lands and their preservation is needed. The Conservation Commission remains committed to the protection of environmentally critical areas for future generations.

Respectfully submitted,  
Mason Westfall, Chairman  
Barbara DeAngelis, Secretary  
Harriet Newell

John Hetzel, Vice Chairman  
Maynard Dow  
Samuel Worthen

## **BRISTOL FIRE DEPARTMENT**

The Bristol Fire Department wishes to take this opportunity to summarize the fires and activities for the past year.

The department responded to 96 calls this past year. Along with all the fire calls this has been a busy year. The Commissioners asked for and received the old Police Cruiser from the Town. This they made into a Fire car. With the help of Company members, it was sanded down and a member of another department painted it for us. Lights and radio were added, tires replaced and it was gone over mechanically by the Chief and Asst. Chief Engineers of the Company. It is now being used for inspections, trips to Fire meetings, schools and etc.

The Commissioners along with some Company members have inspected the Schools and most of the apartments in town. There will be a follow up on the apartments and the Commissioners hope that they will be able to do the garages, stores and Municipal buildings in the coming year.

We have had several firefighters attend the Firefighter 1 course and several to Fire Schools. A CPR recertification class was held at station and a SCBA (self contained breathing apparatus class) will be held in the early part of the year. There will also be new members attending Firefighter 1 courses in the coming year. The monthly and weekly training sessions were also held this past year and will continue in the coming year as well.

A lot of time has been put in by the Commissioners, Chief and Asst. Engineer looking into the needs of the Town. Because of this, they have recommended to the Selectmen and Budget Committee the purchase of a 2500 gallon tank truck with a 1250 pump. The Selectmen and Budget Committee thought it best to seek a second opinion. They had Chief Louis "Buddy" Wool of Laconia go over the Town and the truck specs. He stated that it was his opinion that the Town needed this truck due to the growth that has taken place in the past several years. Also that the growth had taken place outside the hydrant district with large family homes being built upon the hills. Water is just not available and help would not arrive in time.

The year ended on a sad note for the department with the death of retired Chief Kenneth P. Brown. Ken served the Town and Department for 33 years. He started as a firefighter, then Lieutenant, Captain, Commissioner and finally Chief. It was through his efforts that we now have the station at 22 Lake Street. He drew up the plans, explained the need of it to the townspeople, acted as overseer of the building and construction. This in turn saved the Town thousands of dollars. He also was responsible for the training programs that the department has today and also the inspection program that is being carried on by the present Commissioners. There is no doubt that Ken will be missed by one and all for all the years of dedication he gave to the Town he loved.

The Company again put up and took down the Xmas lights. This is the sixth year and a lot of the credit should be given Dave Evans who has chaired this event from the start. Fire calls remained about the same this past year.

We are hopeful that they do not rise any more in the coming year. With all the growth that has taken place and the increase in population, we would consider this as a plus for the Town.

**BRISTOL FIRE COMMISSIONERS:**

Ernest H. Glines      Stephen Q. Curley      Raymond A. Greenwood

**REPORT OF TOWN FOREST FIRE WARDEN  
AND STATE FOREST RANGER**

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

**Forest Fire Statistics – 1988**

	<b>Number of Fires</b>	<b>Acres Burned</b>	<b>Cost of Suppression</b>
<b>Statewide</b>	498	509.10	\$78,144.93
<b>District</b>	55	48.10	\$10,840.60
<b>Town</b>	1	.03	335.92

Bryan C. Nowell  
Forest Ranger

**IN MEMORIAM – KENNETH PARKER BROWN**

Kenneth Parker Brown was born and raised in Bristol, NH, served in the Pacific during WWII, and returned to work as an electrical lineman. He joined IPC as an electrician when the company began expanding from the Dodge-Davis Mill building, retiring as department supervisor after 38 year's service.

Ken's avocation was the fire service. He started as a fireman and proceeded through the ranks to Commissioner and Chief. For 33 years he strived to provide the best of equipment and an excellent fire-

fighting team. He alone was the driving force which resulted in the building of the Bristol Fire Station in 1974.

The Bristol Fire Station building was formally dedicated to Ken Brown in 1986 in appreciation of his years of service, his concern for the personnel, proper training, creative abilities, firefighting techniques, modern equipment and quarters.

Ken was also a member of Union Lodge #79, the American Legion, the Veterans of Foreign Wars, and served as a Bristol Water Works Commissioner for 13 years.

Ken passed away on December 2, 1988. We shall miss him, but his mark upon the Town of Bristol will remain.

**BRISTOL PLANNING BOARD**

The Bristol Planning Board meets regularly during the month. On the fourth Wednesday of each month we listen to applicants and abutters' requests pertaining to subdivisions. Again due to our work load this year, the Board also meets on the second Wednesday of the month. There have been many requests for subdivisions this year, and a great many hearings for the abutters pertaining to each request. Along with the Subdivision Regulations we will be implementing Site Plan Review to review and approve or disapprove site plans.

The Planning Board has reviewed changes to the Zoning Ordinance as presented by the Zoning Board. The changes presented help clarify and help to protect the present and future land owners of our community.

There have been many people who have helped to make our Subdivision Regulations work. I would like to thank those people (abutters and concerned citizens) who come to our meetings to help us in our decisions. I would like also to thank the Board members who give up their personal time to help our community and help give it direction.

Thomas Belser, Chairman

## **ZONING BOARD OF ADJUSTMENT**

1988 was a year of changes for the Zoning Board of Adjustment. We gained a new member, Mr. William Cosgrove. The Board also had two of its members resign, Thomas Belser and Clifford Kane. We would like to express our appreciation for their contributions. The Board would also take this opportunity to note Clifford Kane's passing late in the year. Cliff will be missed.

There are currently vacancies on the ZBA, and we hope to have those empty seats filled soon. Our regular meetings are on the third Wednesday of the month. Aside from the regular meetings of the Board, we have worked in conjunction with the Planning Board on revisions to the Zoning Ordinance. We feel that our efforts have resulted in worthy proposals for the voters to consider this March.

During the past year, the ZBA held twenty hearings. The Board hears requests for special exception, variance, and appeals from administrative decisions. Our members have had to make some tough decisions on some difficult issues. They should be commended for their efforts.

We would all like to thank the townspeople for their input to the Board and their expressions of support.

Respectfully,  
Theresa Simkevich, Chairman

**POLICE DEPARTMENT REPORT**

Below is a list of statistics of several areas handled by the Bristol Police Department in 1988.

**Police Department 1988 Statistics****COMPLAINTS:**

Burglary Alarms Answered	140
Open Business Doors	64
Total Miles Driven	87,437
Total Gas Consumption (Gallons)	7,950.7

## POLICE COMMISSION REPORT

The Bristol Police Commission submits the following report for the year 1988.

On March 21, 1988 Robert E. Day was elected to serve as the Police Commission's Chairman for the following year. The Police Commission holds its regular meetings on the third Monday of the month in the town municipal building.

In March of 1988 the Police Department's court cases began being heard in Plymouth because of the inadequate courtroom facilities here in Bristol.

During 1988 there were no fatal motor vehicle accidents in Bristol and we believe that this was because of a combination of reasonable law enforcement of the States motor vehicle laws and voluntary compliance by the public.

The Police Department has tried to become more visible to the public by doing footpatrol in the downtown square area in the afternoons and on Saturday mornings.

Based on the number of persons arrested in 1988 for Possession of Drugs, Minors in Possession of Alcohol and persons arrested for Driving While Intoxicated, there appears to be a continuing problem in the area of alcohol and drug abuse in Bristol. The drug raids this past summer in the Newfound Lake-Plymouth areas brought to the public's attention that drug abuse is a problem that faces all of society whether you live in a small town or a large city.

The Police Department received over 5000 telephone calls for service (Dispatch Figures) this past year and with the growth and development in the Bristol-Newfound Lake area these past five years we anticipate needing increased resources to meet the law enforcement needs of the community.

The Police Commission thanks you for your support during this past year.

Respectfully Submitted  
Bristol Police Commission  
Robert E. Day, Chairman  
Everett S. Hackett, Commissioner  
John E. Smart, Commissioner

## BUILDING INSPECTOR'S REPORT

During 1988 a total of 140 building permits were issued. While this number is only 8 less than in the previous year, the amount of fee income developed, \$1940.00, was substantially less than the prior year, \$3305.00 having been collected in 1987.

By reviewing the breakdown of 1988 permits shown below it is obvious that a large part of the reason for reduced income is due to a different mix of permit types. In 1988 there was a greater number of addition and renovation permits issued, which carry lower fees, and less of the higher fee types issued than in the year before.

A breakdown of the 140 permits issued showed the following:

21	New single family residences
0	New multi-family buildings
13	New garages (free standing) 24 stalls
11	New condos having 11 living units
2	Commercial permits (both renovations)
30	Additions to existing structures
47	Renovations
8	Storage/shed type buildings
1	Mobile home site
1	New high school
6	Miscellaneous permits
<hr/> <u>140</u>	

Building Permits are required for all new construction, additions to existing structures, renovations that upgrade or change the use of the space, siting of a mobile home, and in general any construction estimated to exceed \$500.00 in fair market value for labor and materials.

Permits expire two (2) years from the date of issuance and are renewable provided 25 percent of the work is completed each year. Permits are null and void if construction is not started within six (6) months of issuance. Permission to build shall not be in effect until the application has been approved and a permit issued.

Additional information and assistance is available by contacting the Building Inspector at the Town Offices.

Roger Pedersen  
Building Inspector

Leslie Rigoli

**CONCORD SOLID WASTE/RESOURCE RECOVERY COOPERATIVE**

In 1988, the construction of the 500 ton per day refuse to energy facility by SES Concord (Wheelabrator Technologies) in Penacook has proceeded. The construction of the facility is nearing completion, with the initiation of shakedown operations scheduled for this April. During the spring and early summer months, refuse deliveries by the Cooperative to the plant are anticipated to be intermittent as start-up operations proceed. Full commercial operation is anticipated to begin in the late summer/early fall of 1989.

The power generated by the refuse to energy plant is to be sold to Public Service of New Hampshire (PSNH) under the terms of a rate order previously issued by the NH Public Utilities Commission. The impact, if any, of the PSNH bankruptcy on the price to be paid for power is not yet clear. The Cooperative, which entered into financial obligations on the basis of the PUC rate order, continues to maintain the position that the PUC specified rates are in place. Significant progress has been made in dealings with PSNH and Concord Electric Company on finalizing and constructing electrical distribution system improvements.

In March, 1988, the Cooperative was apprised by the NH Department of Environmental Services that the Concord Landfill, which had been approved for disposal of ash residue from the refuse to energy plant, would not be available for use. The Cooperative was successful in acquiring a 38 acre parcel in Franklin. Obtaining permits, securing long term financing, designing and constructing a double lined secure residue landfill in ten months. The landfill was constructed using intensive quality control procedure and, despite the aggressive schedule, was completed at a cost under budget. The landfill is substantially complete and will begin operation in April.

The member municipalities need to ensure that arrangements are made to allow full delivery to the refuse to energy plant by no later than August, 1989. The Cooperative requests that each community make arrangements for the storage and disposal of unacceptable waste, including motor vehicle batteries which constitute the greater source of lead in municipal solid waste. Such batteries are not to be delivered to the refuse to energy plant. The Project Director further encourages all communities to consider and implement materials recycling to reduce anticipated excess tonnage.

## BRISTOL WATER COMMISSION

We welcome Mrs. Joan Smart to the office as Administrative Secretary and Mr. Barry Hagg and Mr. Geoffrey Lewis in the field.

The 1981 Rules and Regulations have been edited and updated for distribution early in 1989.

The summer influx of water users is placing a near capacity load on the pumping facility. The Bristol Water Works will be addressing this situation in 1989 with professional assistance.

The Commissioners have decided to meter all exempt customers, such as town facilities and churches. This is a must item when analyzing system integrity.

The customer service rates were adjusted effective April 1, 1988. This must be done again in 1989 to balance our budget. More customers result in more work and support equipment required.

The State of New Hampshire water analysis reports were favorable throughout 1988. To date the water is not chlorinated or adjusted by any type of additive. This may have to be done in the future.

All customers will be required to install backflow prevention devices (RPZ valves) in the near future. Our Superintendent and Foreman have become certified to properly test these units. The installation and continual checking will make much extra work for our personnel.

The crossing of the Newfound River on Route 3A North and an additional 2,400 feet of Water Main Pipe will be laid during the Summer of 1989. The line has had two major breaks during 1988. This pipe dates back to the days when water was taken from Newfound Lake.

The Bristol Water Works joined the American Water Works Association this year.

The Commissioners and Superintendent addressed 12 Regular and 13 Special Meetings throughout 1988.

John Bianchi  
Chairman

**MARRIAGES REGISTERED FOR THE YEAR ENDING DECEMBER 31, 1988**

Date and Place of Marriage	Name and Surname of Groom and Bride	Residence	Name, Residence, Official Station of Person by Whom Married
02-14-88 Bristol	Clement J. Roy Sandra Lea Yarish	Bristol Bristol	Robert A. Chase, Justice of the Peace Plymouth, N.H.
